

Registration Form H₂ Huntorf

By submitting this registration form, participation in the hydrogen storage auction process conducted by EWE GASSPEICHER GmbH ("EWE") is requested.

Participation is subject to successful verification by EWE GASSPEICHER GmbH.

Personal and company data will be used exclusively for:

- Registration for the participation in the tender procedure
- Communication related to the auction process (e.g. confirmation, allocation)
- Contract processing

To complete the registration, the following is mandatory:

- A valid EIC-Code (Energy Identification Code)
- Completed registration form
- Required supporting documents

The EIC is a 16-character code used in Europe to uniquely identify companies and entities in the energy sector.

Company Information

Company Name:

Street and Number:

Postcode:

City:

Country:

EIC Code:

Registration until 16 July 2026, 18:00 h (LET):

Yes, I would like to register for participation in the tender procedure for hydrogen storage capacities at the underground hydrogen storage facility Huntorf operated by EWE.

The registration is without obligation for the participant. Registration is possible until **16 July 2026, 18:00 h**, later registrations will not be considered.

Precondition for joining the tender procedure is the demonstration of credit rating criteria to EWE. If EWE is not provided with sufficient information to verify the participant's credit rating, EWE is entitled to refuse admission and/or reject participation in the tender procedure.

In case of participation in the tender procedure, the participant is obliged to maintain confidentiality about the conditions and not to disclose any information to third parties regardless of whether the participant reserves hydrogen storage capacity or not.
